

MEMORANDUM

April 7, 2016

TO: Physicians Credentialed for Fluoroscopy at Carroll Hospital Center

**RE: FLUOROSCOPY CREDENTIALING PROGRAM/ RERESHER TRAINING
SUSPENSION OF FLUOROSCOPY PRIVILEGES IF NOT COMPLETED BY
JUNE 1, 2016**

As you may be aware, the State of Maryland requires physician fluoroscopy users to demonstrate a minimum of one hour of in-service training or CME every 24 months. Carroll Hospital is providing a self-teaching program sufficient to meet this requirement.

The program is currently available thru HealthStream and has been assigned to your to-do list. You may access HealthStream from any computer with internet access at:
<http://extra.carrollhospitalcenter.org/>

If you have been credentialed for fluoroscopy x-ray equipment at another hospital, and the training met the State COMAR requirements, you may submit documentation of the recent completion (within the past 3 months) of the refresher training from the other hospital.

If you wish to maintain Fluoroscopy privileges, it will be necessary to complete the on-line course, or submit documentation from another hospital before **May 24, 2016** otherwise, your privileges will expire on June 1, 2016.

If you wish to complete the on-line course in HealthStream, and do not know your 5-digit User ID, please contact the Medical Affairs Office.

Teresa Wilson, CPMSM, Director of Medical Affairs
